

# Turn your farm green this summer, pick the proven performer.

Reduce the risk – and get the best returns  
– by sowing a quality product from Barenbrug.

## 501 Chicory

The fast establishing annual chicory that provides more DM over the critical first two grazings.

### Key features

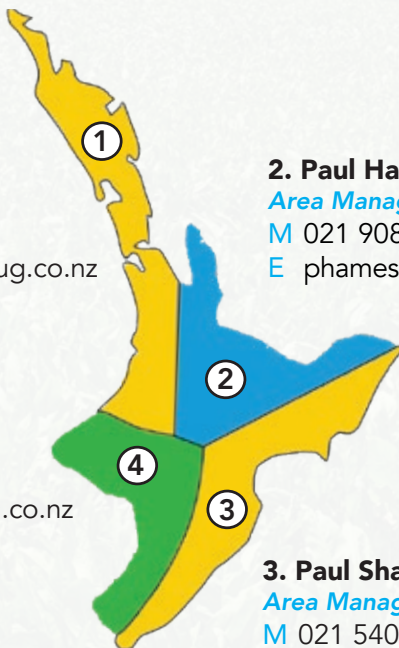

- Faster to grazing.
- Great ability to increase summer-autumn milksolids.
- Achieve high lamb liveweight gains.

Better pasture together®
